Fireworks Display Packages - for Wedding Receptions

Thanks for your interest in Celebration Fireworks Inc! We provide choreographed, computer-controlled fireworks displays that are much more spectacular than common, hand-fired displays. In fact, we use the same equipment and software as does DisneyWorld! Regardless of the package you select from us, your display will be magnificent and beautiful. Here are our standard packages:

Fireworks Display Packages

Pkg.	Price	Devices/Effects	Time (mins.)
A	\$3,800	230 / 750	9 to 10
B	\$4,200	255 / 790	11 to 12
C	\$4,800	285 / 871	13 to 14
D	\$5,600	351 / 1239	15 to 17
P	Pyromusical - add 50% to any package		

Display Design & Choreography

Each package begins with a dramatic introduction and ends with a powerful finale. In between, we feature lots of surprises and elegantly designed scenes to keep your guests riveted on the event. Each display uses a wide variety of high-level aerial devices synchronized with hundreds of rapidly firing mid-level effects - plus tall fountains and wheels! Unlike ordinary displays, we angle the launch directions so that a much wider swath of the night sky is filled with beautiful color. The result is a display that is very large and grand that you and your guests will likely never forget!

Pyromusicals

Package "P" features a music soundtrack that is tightly synchronized to the visual effects as they happen in the sky. The soundtrack can be music of your own choice, or that we jointly specify. We require 1 to 2 months notice due to the substantial design work involved, but the result is an emotion-filled, awe inspiring event that most of your guests may never experience again in their lifetimes. It will be necessary for your band or DJ to provide the sound system for the event.

Permit Fees

We obtain the required local display permit. The permit cost is extra and varies from a high of \$331 in NJ to a low of zero in many rural areas. In addition, we provide for a local standby fire truck for safety, and there may be a small extra cost associated with this. There are no other city / township costs involved.

Customize Your Display

Each display package can be customized. For example, you may like us to use lots of dripping gold "willow" or "brocade" effects, or create a finale that is entirely silver or white. We can use lots of salutes (those exciting loud booms), or a few, as you wish. Just let us know what you like! We can end the display with a large red heart setpiece (see picture - a \$275 option). Also, we can line the driveway with tall silver fountains to follow your car as you leave to start your grand new life together (\$625 option). Other setpiece messages can be created at a cost of \$100 per character.
